REV. 2005-09-30

FRONT BRAKE DISC LOCK

GENERAL

Kit Number

46086-98A

Models

This disc lock fits front brake discs on all 1983 and later model Harley-Davidson motorcycles, except those with a 19 inch laced front wheel. Does not fit the front disc of the VRSCA rotor.

NOTE

This disc lock kit includes the lock, two keys and a lock reminder cord. The lock reminder cord can be purchased separately, Part Number 46318-04.

INSTALLATION

WARNING

Do not operate vehicle with brake disc lock in place. Operation with lock on disc will restrict movement of the wheel, which could result in death or serious injury. (00457b)

NOTE

Insert key all the way to the bottom of the cylinder. Turn key clockwise 180 degrees to the open position. DO NOT FORCE KEY! Key should turn freely. If key does not freely rotate, try turning key slightly left and right while inserting to align disks inside cylinder. Failure to insert key all the way to the bottom of cylinder could cause key to jam.

For Models with Hydraulic Fork Front Ends

1. See Figure 1. Insert reminder cord (3) into slot on disc lock (1).

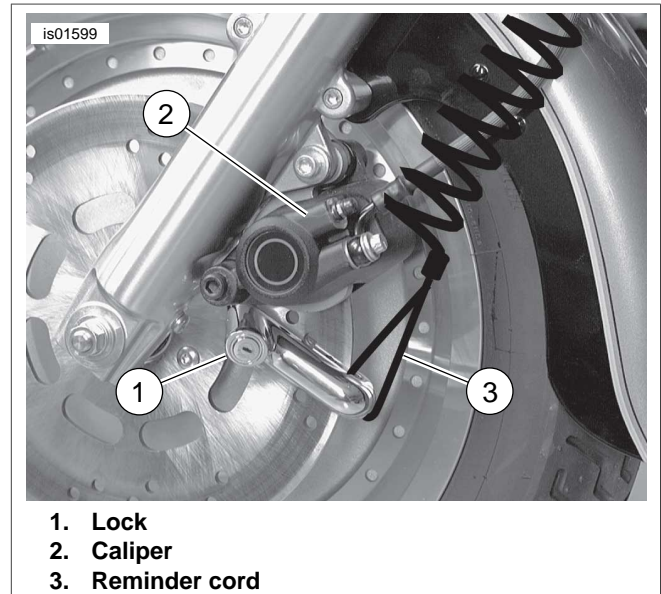

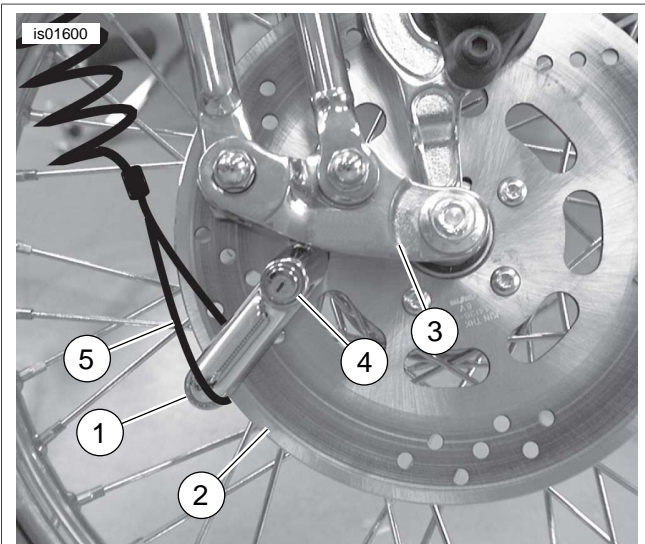

Figure 1. Installing Disc Lock

2. Slide lock (1) over front brake disc as close to rearward edge of brake caliper (2) as possible. Push button completely down to lock.
3. Roll motorcycle forward slowly until lock gently contacts caliper.
4. See Figure 3. After installing disc lock, place loop end (1) of reminder cord (2) over handlebar grip.

For Models with Springer Front Ends

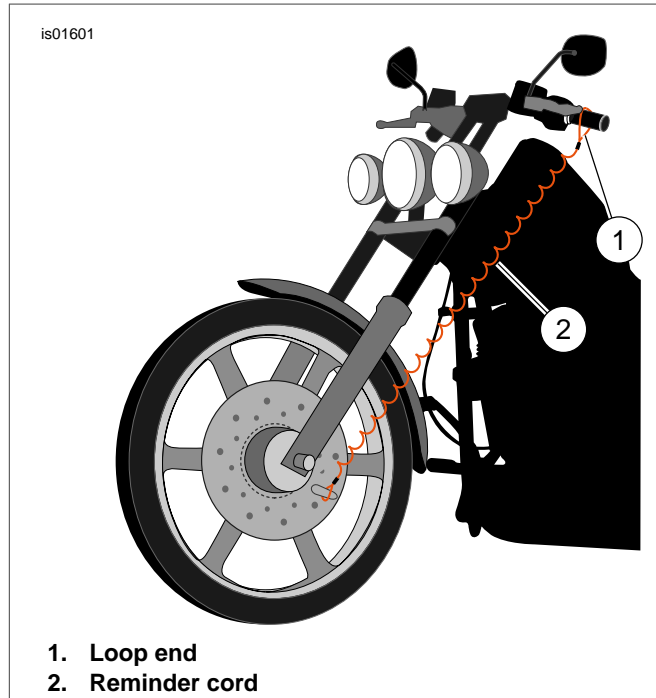

1. See Figure 2. Insert reminder cord (5) into slot on disc lock.

- 1. Lock
- 2. Front brake disc
- 3. Rocker
- 4. Lock button
- 5. Reminder cord

Figure 2. Installing Disc Lock on Springer Models

2. Slide lock (1) over front brake disc (2) as close to bottom of rocker (3) as possible. Push lock button (4) completely down to lock.
3. Roll motorcycle forward slowly until lock gently contacts rocker.

- 1. Loop end
- 2. Reminder cord

KEY REPLACEMENT PROGRAM

If you lose your Harley-Davidson lock keys, and you have previously registered your key number, or know your key number, we will replace your keys promptly. Be sure to identify your key number (on key) in the space provided below, and complete and mail the key registration form. Authorized replacement keys for your lock can be obtained for a nominal fee directly from Kryptonite via phone at 1-800-SAY-LOCK (USA), 781-828-6655 (outside USA) or online at www.kryptonitelock.com

KEY REGISTRATION

Complete all items on the attached form and mail to Key Replacement Program at the address printed on the form. The key number is printed on the keys. The key code for this Harley-Davidson lock is exclusive, and duplicate keys can only be obtained through this program. To register your keys, mail the form below to Kryptonite or register online at www.kryptonitelock.com.

Reminder:

Always separate your keys, copy your key number in the space provided below and store this document in a safe place.
